

## Calvary Episcopal Church

Dear Friends,

Enclosed please find a Pledge Card for your 2022 pledge to support the ministries of Calvary Episcopal Church.

This past year has been an exciting and busy year at Calvary while we continued to navigate interruptions caused by the COVID pandemic. To highlight just a few things that have happened since our last pledge drive:

- We called a new Rector, The Rev. Ann Dieterle.
- We returned to live, in-person worship at 8:00 and 11:15 (now with singing!).
- We restarted the Wednesday evening healing service in-person
- We ramped up our tech ministry to include live-streamed worship.
- We held a very successful virtual Advent Bazaar.
- We continued our Saturday Café ministry with curbside service.
- We began a new “Feeding our Flock” ministry.

I hope that you will note a common theme in the above highlights: the word “We”. We are God’s feet on the ground at Calvary. Calvary’s many ministries need our support and participation. Calvary has a “wish list” of ministries we would like to expand or implement, too.

While it is common to think of the annual Pledge Drive as a financial commitment to Calvary, it is first and foremost a time when we can pray, reflect on, and discern how we can best serve our parish and Columbia communities. Our parish needs all of us to participate in and support our ministries.

If you have pledged your time, talent, or treasure to Calvary in the past, thank you. We pray that you will continue your participation and support by pledging for 2022. If you’re new to Calvary, or haven’t pledged in the past, it is a great time to get involved in the support of our parish ministries. If you would like to know more about why we have an annual Pledge Drive, please reach out.

**Please take a moment to fill out your Pledge Card today and return it to the church, or you can pledge online using the form on the Stewardship page at Calvary’s website.**

Thank you on behalf of Calvary Episcopal Church.

Blessings,

Bob Worley  
Senior Warden
